

PFOS and Deca-BDE Statement
CTS Electronic Components, Inc. - Resistors

June 23, 2008

The CTS Electronic Components, Inc. Resistor Products listed below in Table 1, do not contain as intentional additives perfluorooctane sulfonates (PFOS) Decabromodiphenyl ether (Deca-BDE) in applications as identified in EU Directive 2006/122EC (30th amendment to EU Directive 76/769/EEC) or in the April 1, 2008 European Court of Justice Judgment in joined cases C-14/06 and C-295/06, *European Parliament and Kingdom of Denmark v. European Commission*. This information represents CTS' knowledge and belief as of the date provided. CTS bases its material content declarations on information provided by both in-house testing and third party testing, and have taken and continue to take reasonable steps to provide representative and accurate information to its customers. CTS and its suppliers consider certain information to be proprietary and in those instances may not provide all information for release.

CTS provides product details for resistor products in Material Content Declaration statements located on its web page at: <http://www.ctscorp.com/components/default.htm>

Resistor Product Descriptions	Product Series/References
Chip Arrays	740, 741, 742, 743, 744, 745, & 746
SMD Devices	752, 753, 766, 767, and 768
Through Hole Device	770
ClearONE™	757, 758, 759 (RT1x, RT2x, & RCx)
